Jinan University located in Guangzhou, the 3rd largest city of China is a campus spread over 180 acres right in the heart of the city. Formerly known as Jinan Academy it was founded in 1906 in Nanjing during the Qing Dynasty and has completed 116 years

The College is regulated by the Central Government of the Peoples Republic of China and enjoys state support as well grants from munificent benefactors from abroad.

A comprehensive, multi disciplinary university with a College of Liberal arts, College of Science and Engineering College of Economics etc it also boasts of a highly respected Medical College.

The Medical College of Jinan University was set up in 1978 along with a modern hospital known as Guangzhou Chinese Overseas Hospital. The college has set up 12 labs with 8.5 million RMB in medical equipment. The library contains numerous books and periodicals with 53,000 periodicals and 430 magazines.

Currently the college has over 100 post graduate students among whom 15 are PhD and 88 master degree candidates. The nursing school offers a 3-year training program and has 189 students.

The college's teaching program and curriculum strive to meet the needs of foreign medical practice similar to the teaching programs of medical colleges in England and the United States. Simultaneously, they embody the requirements of China's college education, which stresses students comprehensive improvement. Teaching programs provide more than 5,500 major hours in order to comply with international standards.

100% passing rate in FMGE (MCI Screening Test) (as on 2011)
highest among foreign medical students in India.

In April 1994, the affiliated hospital was designated as a 3rd-degree hospital (the top degree hospital designation in China) and in September 1995. It was appraised by medical authorities of Guangdong province as China's leading health organisation. Leading health organization at all levels have agreed that this affiliated hospital complies with WHO and UNICEF health standards and as a result , an infant -care hospital has also been set up .

Besides the affiliated hospital, the college has a number of fieldwork units at teaching hospitals such as Shenzheng People's Hospital, Zhuhai Hospital, Macao Lake Hospital etc There are eleven of these in all.

There have been 2117 scientific theses published and 118 of them have been published in international medical issues;476 have been assigned as international conference theses;127 medical text books have been compiled by the school's teachers and research fellows. The college has active good relations with many universities and colleges abroad among them Medical College of Science and Engineering of Texas, USA, Medical College of Alberta University, Canada Seattle Washington Medical College, USA.

The year 2005 ushered in an age of unprecedented cooperation between China and India as the college opened it's doors to India. Indian students who form part of it's alumni are working in some of the most respected hospitals of India.
